Unlock & Extend Cisco UCS PM With **Zenoss Cloud**

FUNCTIONAL UPGRADES

**EXPANDED DEVICE SUPPORT**

SERVICE DESK INTEGRATIONS

Cisco and Zenoss partnered to integrate Cisco UCS Performance Manager (UCS PM) monitoring into the broader Zenoss platform. This offering will **future-proof UCS PM investments** by extending comprehensively throughout the data center, across public clouds, and using the latest in artificial intelligence and machine learning with Zenoss Cloud.

Cisco UCS PM Unlock & Extend Program Benefits

- Simple, **easy prenegotiated package conversion options**

- **Fully supported solution** that scales with your business and outpaces modern infrastructure demands and complexities

- **Broad device coverage** with access to the full catalog of Zenoss ZenPacks, supporting 400+ hybrid IT infrastructure device types

- Flexibility to extend and add custom device types using the **ZenPack SDK**

- Customizable reporting, data retention and dashboards

- Proven and certified integration with **ITOM ecosystem** vendors like ServiceNow, BMC Remedy, Dynatrace, SaltStack and many more

- Real-time converged infrastructure mapping that enables **3 clicks to root cause**, container monitoring, service-centric process monitoring, synthetic transactions and more

- Expanded deployment options, including cloud hosting, remote data collectors, **comprehensive data collection (agent and agentless)**, ad hoc data streaming and API access

Cisco UCS PM & Zenoss Cloud Comparison

Capability details	Current UCS PM	Zenoss Cloud
Cisco UCS PM support ended May 2021	✓	
UCS infrastructure monitoring (Servers, Fabric Interconnect, SAN)	✓	✓
Licensing, maintenance and support directly from Zenoss - Ongoing		✓
Monitoring support for 400+ other infrastructure device types via Zenoss ZenPacks		✓
Cloud platform with updates managed by Zenoss		✓
Root-cause analysis in 3 clicks		✓
Forrester Wave Leader in intelligent application and service monitoring		✓
AI, machine learning and ad hoc streaming metrics for containers		✓
Prenegotiated Package Pricing (300-device* minimum) - Includes subscription licensing and one-time installation services	N/A	✓

*Device = managed resource, e.g., compute, VM, network, ACI or storage
